PRESS RELEASE

Brussels, 27 May 2008

**Keytrade Bank celebrates its 10th anniversary and spoils its clients with
3 free transaction days on Euronext Brussels!
Annual results: net profit up by 26.8%**

From 11 up to and including 13 June 2008, Keytrade Bank clients will benefit from unlimited free buy transactions* on Euronext Brussels.

2007 was once again an excellent year for Keytrade Bank. Some 70 000 clients entrust their assets - a total of almost € 4 billion - to the internet bank. The Landbouwkrediet/Crédit Agricole's online bank was able to achieve both commercial success and profitability. Consolidated profit for 2007 stands at € 16.6 million, representing a 26.8% increase compared to the previous financial year.

This year, Keytrade Bank wants to celebrate its 10th anniversary exuberantly with its clients. At its birth as an online investment broker, Keytrade Bank started by offering access to Brussels stock exchange, and it is with Euronext Brussels that Keytrade has decided to celebrate its anniversary. There will be no transaction fees* for all executed buy orders on Euronext Brussels from 11 until 13 June included. Without any limits, without any exceptions!

With this action, Keytrade Bank wishes to thank all its clients for their fidelity and promises it will continue in the line of constant innovation. From a pure online broker, Keytrade Bank has become leading online financial supermarket where the investor has a broad choice of financial products at advantageous tariffs.

Thierry Ternier, CEO of Keytrade Bank, says: "Since 1998 the first Belgian online investment site has known a great evolution. Today, we are, as a member of Landbouwkrediet/Crédit Agricole Group, still the most renewing player of the Belgian banking sector. Our clients, the first ambassadors of the Keytrade Bank-concept, encourage us each day to push the limits of online banking and investing, by widening our product range and our competitive tariffs."

"We reveal this anniversary gift in advance so that everyone has enough time to prepare its purchases", adds Thibault de Barsy, Sales and Marketing Director. Both our existing clients as those who open an account in the following days will celebrate our anniversary with us."

* excl. stock market tax and other local taxes.

Reminder:

Keytrade Bank offers fully banking and stock exchange integrated online services. On a unique platform, Keytrade Bank offers online discount brokerage services, savings and insurance products as well as banking services at a lower price, while offering one of the most attractive remunerations of the market.

Online brokerage services: Keytrade Bank covers the access to the US stock exchanges (NYSE, NASDAQ, AMEX, OTC-BB), the Canadian stock exchanges (TSX & TSX Venture), to Euronext (Paris, Brussels, Amsterdam) as well as Frankfurt, Milan, Zurich, Madrid and London. Keytrade Bank enables to invest in shares, funds, warrants, options (Euronext & US) as well as bonds of the primary and secondary market. And via its platform Keytrade Pro, you have direct access to Forex, Futures and CFDs (Contracts for Difference), markets that used to be available only for professional investors

Online banking services: Keytrade Bank offers all banking services; current account, high yield savings account, fixed term account, debit card (Mister Cash – Bancontact – Maestro) and credit cards (VISA or American Express).

Via the secured site www.keytradebank.com, the aim of Keytrade Bank is to offer private and institutional investors the ability of executing their banking and trading transactions from any internet connexion worldwide, 24h, 7 days out of 7.

Keytrade Bank is the first Belgian bank in Second Life and offers to the 9 million users of the virtual world a currency converter which allows to calculate, in some clicks and real-time, the value of an amount in Linden Dollars (Second Life's official currency) in the currency of their choice (12 different currencies available).

Keytrade Bank belongs to the Group Landbouwkrediet/Groupe Crédit Agricole.
